I believed every word that you said  
All the moments, I'll never forget  
All the comfort, all the laughter  
Through the rain

You were higher than heaven above  
Showed me how to believe in your love  
And I really did, I believed in you  
Never gave me no reason to doubt

Don't go and break my heart  
Don't tear this dream apart  
I need you now, more than you know  
I've never been here before

Don't leave me on my own  
Without you I'm lost, oh where would I go?  
I need you now, more than you know  
I've never been here before

She came like sunshine through the rain  
Spread her warmth through the heartache and pain  
She came to me with here purity  
She was heaven sent

No one knows where the story ends  
But I'll survive this until the end  
I can sing again (sing again)  
I can feel again (feel again)  
I'm alive in the spirit of me

Don't go and break my heart  
You can't tear this dream apart  
What I feel is new, it's only my truth  
I've never been here before

I know that I'm on my own  
But somehow I'll make it, I'll make it back home  
What I feel is new, it's only my truth  
I've never been here before

What I feel is new, it's only my truth  
I've never been here before
