Try to close my eyes, as you walk away  
Now I realise, there's so much more to say  
Make me understand, darling, take my hand  
Cause I did it all, I did it for love

Here I stand again, wondering what to do  
With my loneliness, you know that I'm missing you  
Wonder how will I fall asleep tonight?  
But I did it all, I did it for love

Baby please, don't walk away  
I get down on my knees, I'm begging you, stay  
Baby, baby please, it's just hurting me so  
I cannot let you go, let me wait till tomorrow

Tell me what to do, tell me what to say  
Cause you always knew, I did it for love

Please, don't walk away  
I get down on my knees, I'm begging you, stay  
Baby, baby please, it's just hurting me so  
I cannot let you go, let me wait till tomorrow

Now I close my eyes, as you walk away  
And I realise, there's nothing more to say  
And I understand I can't hold your hand  
But I did it all, I did it for love
