(Don't leave me, don't you leave me, yeah)

How many times must a woman compete  
Before she's falling fair on the ground  
Oh, how it's hurting inside  
That you making me cry  
It's too easy for you when you're saying goodbye

You make me feel that I'm falling in love  
And I know that my heart must be strong  
I have been stranded but I'm holding on  
Now you walk away, you turn away  
And leave me with nothing at all

This world, full of lies and deceit  
How you got to struggle for love  
I'm telling you, if you're not the one that I need  
No way you gonna take up my time  
But how it hurts that I need you  
That I'm making to see you  
I'm out of your reach but I try to believe

You make me feel that I'm falling in love  
And I know that my heart must be strong  
I have been stranded but I'm holding on  
Now you walk away, you turn away  
And leave me with nothing at all

Deep in the cold of the night  
I'm frozen inside of this world  
Don't you know what it means  
For someone like me  
I'm burning 'cause nothing is stronger  
Than the love that I give

You make me feel that I'm falling in love  
And I know that my heart must be strong  
I have been stranded but I'm holding on  
Now you walk away, you turn away  
And leave me with nothing at all

Leave me with nothing at all
