I thought I knew it all  
But I never felt like this before  
You open up that door  
Now my heart's screaming for more

Here we are  
Here we stand  
You and I  
Show me heaven

Gimme, gimme, gimme  
Moments forever  
Gimme, gimme, gimme  
Minutes of love  
Gimme, gimme, gimme  
All that I'm dreaming of  
Show me heaven

We share our destiny  
Our fate is decided tonight  
Core in this fantasy  
There can be no wrong or right

Here we are  
Here we stand  
You and I  
Show me heaven

Gimme, gimme, gimme  
Moments forever  
Gimme, gimme, gimme  
Minutes of love  
Gimme, gimme, gimme  
All that I'm dreaming of  
Show me heaven

Gimme, gimme, gimme  
Just let it happen  
Gimme, gimme, gimme  
Come set it free  
Gimme, gimme, gimme

Show me what love can be  
Show me heaven now

Show me heaven  
Ohh, ohh

Here we are (here we are)  
Here we stand  
You and I  
Show me heaven

Gimme, gimme, gimme  
Moments forever  
Gimme, gimme, gimme  
Minutes of love  
Gimme, gimme, gimme  
All that I'm dreaming of  
Show me heaven

Gimme, gimme, gimme  
Just let it happen  
Gimme, gimme, gimme  
Come set it free  
Gimme, gimme, gimme  
Show me what love can be  
Show me heaven

Gimme, gimme  
Moments forever  
Gimme, gimme  
Minutes of love  
Gimme, gimme  
All that I'm dreaming of  
Show me heaven  
Show me heaven now
