You're making me oh-o oh-o
You're making me oh-o oh-o
You're making me oh-o oh-o
You're making me

I've been watching you all night, I really like the view
Got your attention, I don't have to mention, you've been
watching too
And if you wanna feel my body step into my song
Get out on the floor, give me some more than standing
on your own
Nice and slow, nobody else will know, this is a private
show

You're making me hot-hot-hot
You're making me ro-o-ock
Come closer to me, feel the rush.
You're making me hot-hot-hot
You're lifting me up-up-up
It's taken me over this crush

You're making me oh-o, oh-o
You're making me oh-o, oh-o
You're making me oh-o, oh-o

You're making me oh-o, oh-o
You're making me oh-o, oh-o
You're making me oh-o, oh-o

Something 'bout the way you move, your arms around
my waist
Just keep up the flow, I'd like you to go on and on for
days
I can't get enough of you - no, I don't want you to stop
I know I will miss it, the way that you kiss me, on that
perfect spot
Nice and slow, nobody else will know, this is a private
show

You're making me hot-hot-hot
You're making me ro-o-ock

Come closer to me, feel the rush
You're making me hot-hot-hot
You're lifting me up-up-up
It's taken me over this crush

Come baby, come baby, let me see you work it
Come baby, come baby, move your body
Come baby, come baby, gonna make you turn it
Woahâ€¦

Come baby, come baby, let me see you work it
Come baby, come baby, move your body
Come baby, come baby, gonna make you turn it

You're making me hot (hot-hot)
(You're making me ro-o-ock)
Come closer to me, feel the rush.
(You're making me hot-hot-hot)
You're lifting me up-up-up
It's taken me over (this crush)

Aow! (Oh-o, oh-o), yeah! (oh-o, oh-o)
Kom igen (Come on oh-o, oh-o)
Come on closer
Ooooh! (Oh-o, oh-o)
You're lifting me up-up-up
Whoo! (oh-o, oh-o)
You're making me hot!
