Like a gentle evening breeze  
From the wild and roaming sea  
You caress my hair  
My conviction is so clear  
Baby when I hold you near  
Never to let you go  
I've reached the point of no return  
Tonight I'll show what I have learned  
And how my heart yearn

Hear me shout in the name of love  
Raising my hands to the sky above  
(In the name of love, the name of love)  
Cross the seas over time and space  
I'll be by your side 'til the end of days

I used to feel so insecure  
I put a lock on every door  
'Til you came my way  
Now finally I understand  
I hold the future in my hand  
As waves rush to land

Hear me shout in the name of love  
Raising my hands to the sky above  
(In the name of love, the name of love)  
Cross the seas over time and space  
I'll be by your side 'til the end of days  
( 'Til the end of days)

All my love is shining through  
In every breath I take  
Every smile I make  
Shining bright and true of you

Shout in the name of love  
Raising my hands to the sky above  
(In the name of love, the name of love)  
Cross the seas over time and space  
I'll be by your side 'til the end of days  
( 'Til the end of days)

(You're the only one in my life)

I shout in the name of love  
Oh, in the name of love  
(Shouting out my love)  
I'm shouting out in the name  
Oh, in the name of love  
Oh, in the name of love  
(Til the end of days)  
(You're the only one in my life)

Shouting out loud in the name of love
