Salt and pepper, salt and pepper  
Salt and pepper, pepper  
Salt and pepper, salt and pepper  
Salt and pepper, pepper

They say that he is such a mean man  
He's stealing hearts and then he breaks them  
They all call him gangster, call him player  
Yeah, he's really bad bad bad  
And though my sisters here beside me  
Are trying really hard to stop me  
Oh, when he looks at me I want him  
As they're going no no no

My heart goes boom boom boom  
My heart goes boom boom boom boom boom  
My heart goes boom boom boom  
And I can't hide

That I'm looking for spice, gimme spice!  
I wanna crank it up just a notch  
And when I look in his eyes, in his eyes  
Salt and pepper, salt and pepper, salt and pepper  
God damn he's hot, he's so hot, he's red chili-pepper  
hot  
And I can't get enough, get enough

Salt and pepper, salt and pepper  
Salt and pepper, pepper  
Salt and pepper, salt and pepper  
Salt and pepper, pepper  
Salt and pepper, salt and pepper  
Salt and pepper, pepper  
Salt and pepp

He's got my heart and I'm convicted  
He's like a drug and I'm addicted  
And I need, I want, I feel I need him  
Gimme gimme more more more

My heart goes boom ba-boom boom

My heart goes boom boom boom boom boom  
My heart goes boom ba-boom boom  
And I can't hide

That I'm looking for spice, gimme spice  
I wanna crank it up just a notch  
And when I look in his eyes, in his eyes  
Salt and pepper, salt and pepper, salt and pepper  
God damn he's hot, he's so hot, he's red chili-pepper  
hot  
And I can't get enough, get enough

Salt and pepper, salt and pepper  
Salt and pepper, pepper

If he wanna break my heart  
If he wanna hear me cry now  
(Salt and pepper, salt and pepper)  
(Salt and pepper, pepper)  
Well I guess I'm gonna cry  
And the salt's gonna drip drop down

My heart goes boom ba-boom boom  
My heart goes boom boom boom ba-boom  
My heart goes boom ba-boom boom  
And I can't hide

That I'm looking for spice, gimme spice  
I wanna crank it up just a notch  
And when I look in his eyes, in his eyes  
Salt and pepper, salt and pepper, salt and pepper  
God damn he's hot, he's so hot, he's red chili-pepper  
hot  
And I can't get enough, get enough

Salt and pepper, salt and pepper  
Salt and pepper, pepper  
Salt and pepper, salt and pepper  
Salt and pepper, pepper  
Salt and pepper, salt and pepper,  
Salt and pepper, pepper  
Salt and pepper, salt and pepper  
Salt and pepper, pepper  
Salt and pepp  
Salt and pepper
