She's the girl you won't forget
She'll fly away without regrets
She'll twist your mind
You'll go insane
She's the master of this game

She's a social butterfly
She will steal your heart
And then she'll walk on by
And all your life you'll wonder why
What you did wrong
What you did wrong
She's a social butterfly
She will steal your heart
She's gonna make you cry
And all your life you'll wonder where
Where is she now
Where is she now

It's almost like you're hypnotized
Might take some time to realize
But when you finally do wake up
There's nothing left but ache for love

She's a social butterfly
She will steal your heart
And then she'll walk on by
And all your life you'll wonder why
What you did wrong
What you did wrong
She's a social butterfly
She will steal your heart
She's gonna make you cry
And all your life you'll wonder where
Where is she now
Where is she now

Well now she's gone, or so I've heard
With all those hearts, it's so absurd
But I always knew
That she would go down

What goes around comes around
Yeah

She's a social butterfly
She'll steal your heart
And then she'll walk on by
And all your life you'll wonder why
What you did wrong
What you did wrong
She's a social butterfly
She'll steal your heart
She's gonna make you cry
And all your life you'll wonder where
Where is she now
Where is she now
Where is she now
