Aint nothin like a womans comforts)  
(That's why that puda-puda hurts)  
(Topaz and Rigo, Red Fox)  
(Haha, watch and hear me!)

I've got something stuck in my mind  
Think I know what it is (what is this my boy?)  
It starts with your name  
And always end up with a kiss (She's so fit, tell 'em  
Rigo)

And I can't stay without it no  
Can't live without it (No, no, no way)  
So if you see me run around like a madman  
Singing words like this (Will you tell 'em?)  
Then you'll understand

I've got you (Wah!)  
You, you, you, you, you, you, I've got you (Baby!)  
You, you, you, you, you, you, I've got you (Tell em  
Rigo!)  
You, you, you, you, you, you, I've got you (Anywhere  
she go, we go!)  
Aha

She give me the good, good loving so mi haffi come  
through  
With a whole lot of joy well she 'll never left me blue  
She's the real boom McCoy let me tell you 'bout me boo  
She take care a she bwoy cook mi ital stew  
Inna the morning when she kiss me is like the morning  
dew  
Inna the evening, inna the night she give me loving  
that's true

I've got you (Wah!)  
You, you, you, you, you, you, I've got you (Baby!)  
You, you, you, you, you, you, I've got you  
You, you, you, you, you, you, I've got you (That's right!)  
Aha (Depo!)

(Make the piano talk on this matter)  
(Eh! Wo-o-o-oh)  
(Oh-oh)

Can't take your image out my head  
I guess you know the reason (And what it is Rigo?)  
That even if it rains you make my sunshine no matter  
the season  
(Tell her now man! Lord of Mercy! Wah!)

And I can't be without it no  
Can't live without it (Nothin' like a woman, you know  
that!)  
So if you see me run around like a madman  
Singing words like this (Well, you have to learn  
something, boy!)  
Then you'll understand

I've got you (Wah!)  
You, you, you, you, you, you, I've got you (Baby!)  
You, you, you, you, you, you, I've got you  
You, you, you, you, you, you, I've got you (Take it down  
here!)  
Aha (Give it back!)

She let me happy she never let me sad  
When me pose with me woman other girls get mad  
Want to see when we a model with her nice Prada bag  
Them say a who pay for that? Then nuh must the dads!

I've got you (Wah!)  
You, you, you, you, you, you, I've got you (Take it down  
here!)  
You, you, you, you, you, you, I've got you (Topaz and  
Rigo!)  
You, you, you, you, you, you, I've got you (Wherever  
she go, we go)  
Aha (Yeah?) I've got you
