You're mine for the second time around  
Criminal mind, you slip and you slide  
You're mine and some other girl's too  
I wonder who's cheating who  
You're crying with a promise to change  
When love becomes war it's a dangerous game  
Can't help feeling sorry about you  
But what does it matter now  
(Too late to know)  
Too far gone

(Get on your knees and pray)  
It's your name on the bullet in the barrel  
(You've got a debt to pay)  
I'm taking you down  
'Cause you're the enemy, enemy, enemy  
You're the enemy, enemy, enemy  
I'm taking you down

You pay for the choices you make  
I've had much more than a woman should take  
Can't help feeling sorry about you  
But what does it matter now  
But what does it matter now  
But what does it matter now  
(Too late to know)  
Too far gone

(Get on your knees and pray)  
It's your name on the bullet in the barrel  
(You've got a debt to pay)  
I'm taking you down  
'Cause you're the enemy, enemy, enemy  
You're the enemy, enemy, enemy  
I'm taking you down, down, down

I should've done it the first time  
(Cause you're the enemy, enemy, enemy)  
(You're the enemy, enemy, enemy)  
I'm taking you, I'm taking you down  
(Get on your knees and pray)

It's your name on the bullet in the barrel  
(You've got a debt to pay)  
I'm taking you down  
You're the enemy, enemy, enemy  
You're the enemy, enemy, enemy  
I'm taking you down
