I don't know, what's happening to me
All I know, is that I want you around me
Nothing's holding me back, from you tonight
Watch the sun, as the night fills the sky
I can see, my reflection your gend likes
As we suddenly kiss, and the stars come alive
And I want you tonight

Tonight's the night
The moon is in our hands, and I wisper I surrender
Tonight's the night
And I've given it all I can, and you hold me off so
tender
Ohh, I love you more tonight

As the sun's, light fills the sky
The dawn is breakin', but we're still holdin' longtime
You'll be here with me, wherever I go
And I want you tonight

Tonight's the night
The moon is in our hands, and I wisper I surrender
Tonight's the night
And I've given it all I can, and you hold me off so
tender
Ohh, I love you more tonight

If I could freeze a moment in my life, I
would have the moment here with you tonight
I believe

Tonight's the night
The moon is in our hands

Tonight's the night
And I've given it all I can, and you hold me off so
tender
Ohh, I love you more tonight

(Tonight's the night)
(Tonight's the night..)
