(I thought it was forever)
The night before you came
My world was full of emptiness and shame
The horse you rode looked white
But was black as tonight
Oh

We looked the perfect pair, oh
We were the two who'd never see despair
The envy of the crowd
Now we're lost in the clouds
Oh

I thought it was forever
I thought you were the one
Our love was now or never
We had just begun
And I thought it was forever
Our place was in the sun
What God had joined together
Now that's all undone

I knew it from the start, ey
I knew you'd be the one to break my heart
How can I be consoled
When I've lost all control
Oh

I thought it was forever
I thought you were the one
Our love was now or never
We had just begun
And I thought it was forever
Our place was in the sun
What God had joined together
Now that's all undone

Oh oh oh oh
When I turn around
Am I gonna get the wings to fly

I thought it was forever
I thought you were the one
Our love was now or never
We had just begun
And I thought it was forever
Our place was in the sun
What God had joined together
Now that's all undone

And I thought it was forever
I thought you were the one
Our love was now or never
We had just begun
And I thought it was forever
(Thought it was forever)
I thought it was forever
(Forever and ever)
