Tonight the sky's on fire
It's burning bright
My soul is flying higher
Towards the light
This is a moment to be free
I've waited all my life to be
A part of lovers mystery

Etymon
Is the word I say to you
Means I always will be true
I will love you endlessly
(Forever and ever)
Etymon
Hear the angels say your name
And my life is not the same
Now I know where love comes from
(Forever and ever)
Etymon

Until the twelfth of never
I wanna be
Right by your side forever
Eternally
And though this love has just begun
I know I'm gonna be the one
That shines on you like morning sun

Etymon
Is the word I say to you
Means I always will be true
I will love you endlessly
(Forever and ever)
Etymon
Hear the angels say your name
And my life is not the same
Now I know where love comes from
(Forever and ever)
Etymon

Etymon

When I try to describe how I feel
That my love is for real

Etymon
Is the word I say to you
Means I always will be true
I will love you endlessly
(Forever and ever)

Etymon
Hear the angels say your name
And my life is not the same
Now I know where love comes from
(Forever and ever)
