Cause tonight I'm gonna take you higher up  
Can you feel the heat is on?  
Yeah, tonight I'm gonna take you higher  
Till the end of time (Till the end of time)

Take a chance on the edge of life  
Keep trading passion for glory  
You're coming on like a hurricane  
With no surrender in sight

Play the game moving straight ahead  
It will cut you like a knife  
I would give you the sky  
Baby it's now or never

Cause tonight I'm gonna take you higher up  
Can you feel the heat is on?  
Yeah, tonight I'm gonna take you higher  
Till the end of time

Running free like a ball of dust  
I'm living day by day  
Just take my hand, run away with me  
We can dance the night away

Somewhere out on the borderline  
We'll try to make ends meet  
I would give you the sky  
Baby it's now or never

Cause tonight I'm gonna take you higher up  
Can you feel the heat is on?  
Yeah, tonight I'm gonna take you higher  
Till the end of time (Till the end of time)

Ooh yeah

Runaway with me, it's now or never  
Runaway, we'll do it together  
I would give you the sky  
Baby it's now or never

Cause tonight I'm gonna take you higher up  
Can you feel the heat is on?  
Yeah, tonight I'm gonna take you higher  
Till the end of time (I'm taking you higher!)

Cause tonight I'm gonna take you higher up  
Can you feel the heat is on? (Yeah!)  
Yeah, tonight I'm gonna take you higher  
Till the end of time  
Till the end of time

(Till the end of time)
