The one I used to love
Encountered my best friend
That was a point in life when love was coming to an end
I promise not to lie
You may think that I do
Since no one will believe you when a dream is coming
true

You are everything and more
Never felt this way before
Let me know how much you care
Love, your beauty makes me blind
Tear those walls within my mind
When you need me I'll be there

I thought I'd never heal
A violated trust
I have been injured in a war of honour versus lust
I hope I'm not naive
I put my trust in you
I hope you will believe me that my dream is coming
true

You are everything and more
Never felt this way before
Let me know how much you care
Love, your beauty makes me blind
Tear those walls within my mind
When you need me I'll be there

When I whispered in your ear
That I wanted you to stay
You assured me that you won't go away

You are everything and more
Never felt this way before
Let me know how much you care.
Love, your beauty makes me blind
Tear those walls within my mind
When you need me I'll be there
When you need me I'll be there
