She's got a special gift
She knows how to use
She's a devil in disguise
She makes me intoxicated
Look into her eyes
Telling me that she will stay
But then she turns away

She's always in disguise
And she gets away with lies
She's making me come back as
Blue as her angel eyes
Blue as her angel eyes

I tried so many ways
I feel like a fool
I guess I have to play that part
Went to see my best friend
And it nearly broke my heart
To find her earring on his floor
Behind the bedroom door

She's always in disguise
And she gets away with lies
She's making me come back as
Blue as her angel eyes
Blue as her angel eyes

Then the one I called my friend
That used to be so cool
Was acting more and more like me
Another crazy fool

Blue as her angel eyes
Blue as her angel eyes

She's always in disguise
And she gets away with lies
She's making me come back as
Blue as her angel eyes
Blue as her angel eyes

She's always in disguise
And she gets away with lies
She's making me come back as
Blue as her angel eyes
Blue as her angel eyes

Blue as her, blue as her
Blue as her angel eyes
