I can hear you call my name  
Like a flash from yesterday  
As if you were here beside me  
It's all happening again  
There's no reason to pretend  
We were made for one another  
So vividly  
Those memories  
Are taking control over me

It's all coming back like a déjà vu  
Everything that you used to do  
When you were in my life  
Now I feel that I'm ready to try it again  
It's all coming back like a déjà vu  
Once again only me and you  
We can make it right  
And rewind back in time  
And start over again  
Just like a déjà vu

It feels like we've been here before  
But this is new of that I'm sure  
Now that you are here to guide me  
So vividly  
Those memories  
Are taking control over me

It's all coming back like a déjà vu  
Everything that you used to do  
When you were in my life  
Now I feel that I'm ready to try it again  
It's all coming back like a déjà vu  
Once again only me and you  
We can make it right  
And rewind back in time  
And start over again  
Like a déjà vu

I can hear you  
Call my name

I'm ready to try it again

(It's all coming back like a dÃ©jÃ  vu)  
Everything that you used to do  
When you were in my life  
Now I feel that I'm ready to try it again  
(It's all coming back like a dÃ©jÃ  vu)  
Once again only me and you  
We can make it right  
And rewind back in time  
And start over again  
Just like a dÃ©jÃ  vu
