Boy you know you hurt me and I don't know why
I can never leave you as much as I try
You play me for a fool
But you don't realize
You'll never miss the water
Till the well runs dry

When you didn't have a job, I was there everyday
When you needed my support, it was never late
Through the lies and the pain and the games and your
women
I was right here from the very beginning

I guess I
I should have stayed patient
I guess I
Should have kept on waitin
Wasn't so bad after all
Cause I ain't been happy lately
You stole my heart
Like a thief in the night
And every time I told myself never
A few kisses and I'm saying whatever

Wherever you go
Whatever you do
I will be right here waitin for you
Whatever it takes
Or how my heart breaks
I will be right here waitin for you

Boy you know you hurt me and I don't know why
I can never leave you as much as I try
You play me for a fool
But you don't realize
You'll never miss the water
Till the well runs dry

When you didn't have a job, I was there everyday
When you needed my support, it was never late
Through the lies and the pain and the games and your
women

I was right here from the very beginning
Waitin for you...

Believed every word that you were saying (I believed
you)
Cause it flows like water baby (And I)
Regret that I listened
Should have known your mission was
To break my heart and let me go
I start loving you so physical (wherever)

Wherever you go
Whatever you do
I will be right here waitin for you
Whatever it takes
Or how my heart breaks
I will be right here waitin for you

Boy you know you hurt me and I don't know why
I can never leave you as much as I try
You play me for a fool
But you don't realize
You'll never miss the water
Till the well runs dry

When you didn't have a job, I was there everyday
When you needed my support, it was never late
Through the lies and the pain and the games and your
women
I was right here from the very beginning

So deep in to you
So caught up in you
What am I to do?
All these fools fall in love {2x}

Wherever you go
Whatever you do
I will be right here waitin for you
Whatever it takes
Or how my heart breaks
I will be right here waitin for you

Boy you know you hurt me and I don't know why
I can never leave you as much as I try
You play me for a fool
But you don't realize
You'll never miss the water
Till the well runs dry

When you didn't have a job, I was there everyday

When you needed my support, it was never late
Through the lies and the pain and the games and your
women
I was right here from the very beginning
