(Billy Reid)

There's a tree in the meadow with a stream drifting by
And carved upon that tree I see I love you till I die
I will always remember the love in your eyes
The day you carved upon that tree I love you till I die.

But further down on lovers lane a silhouette I see
I know you're kissing someone else oh I wish that it
were me
By that tree in the meadow my thoughts always lie
And where'er you go you'll always know I love you til I
die.

Yes, further down on lovers lane a silhouette I see
I know you're kissing someone else oh I wish that it
were me
By that tree in the meadow my thoughts always lie
And where'er you go you'll always know I love you til I
die...
