It's gonna be a blue winter without you  
It's gonna be a blue winter for me

While other lovers sit  
Holding hands by a warm fireplace  
I'll be home all alone  
Longing for your warm embrace

It's gonna be a blue winter without you  
I'm heading for a blue winter, I see

Our love's too young to grow old  
Darling, don't leave me out in the cold  
Don't let it be a blue winter for me

Our love's too young to grow old  
Darling, don't leave me out in the cold  
Don't let it be a blue winter for me  
Don't let it be a blue winter for me
