(Fascination turned to love.)

It was fascination, I know
And it might have ended right there at the start
Just a passing glance, just a brief romance
And I might have gone on my way empty-handed.

It was fascination, I know
Seeing you alone with the moonlight above
Then I touched your hand and the next moment I
kissed you
Fascination turned to love.

--- Instrumental ---

It was fascination, I know
Seeing you alone with the moonlight above
Then I touched your hand and the next moment I
kissed you
Fascination turned to love.

(It was fascination...)
