(Buddy Kaye - Billy Reid)

I'll close my eyes and make believe it's you  
If other lips should speak of love divine  
The stars were mine but I just reached for the moon  
And found all too soon it was not to be mine.

I'll close my eyes if you should pass me by  
With someone new maybe who loves you too  
I may be lonely but when I see the moon tonight  
I'll close my eyes and make believe it's you.

--- Instrumental ---

I may be lonely but when I see the moon tonight  
I'll close my eyes and make believe it's you...
