(Jimmy Clanton - Cosimo Matassa)

Just a dream, just a dream  
All our plans and all our schemes  
How could I think you'd be mine  
The lies I'd tell myself each time.

I know that we could never last  
We just can't seem to in the past  
Just a dream I dream in vain with you  
I'd always live in pain.

Your picture is always with me  
I can still hear that same mournful song  
And now I sit here crying  
Please leave me alone.

Oh why, oh why, do I love you  
How can I live in misery  
I know that I won't forget you  
But now I know it's too late for me.

Your picture is always with me  
I can still hear that same mournful song  
And now I sit here crying  
Please leave me alone.

Oh why, oh why, do I love you  
How can I live in misery  
I know that I won't forget you  
But now I know it's too late for me...
