(Mike Canosa)

Kiss'n twist is the latest rage the hap, hap, happiest
dance
Kiss your baby then twist her round again kiss'n twistin'
is great for romance
Every boy and girl loves to kiss'n twist at home and out
on the floor
If mom and dad say that it's the most kiss'n twist the
boy you adore.

Kiss'n twist then twist'n kiss until they close up the
place
If you're really great with your twistin' date you'll have
lipstick all over your face
Just kiss'n twist around and around and around and
around
Kiss'n twist a while in the latest style it's the craziest
dance to romance.

(Everybody now get out on that floor everybody twist.)
