Come on, baby  
Let's tell all the people  
We found a way to hem the blues

Let's get together  
And just start a rumour  
That everyone will think is news

[CHORUS]  
Love is warm, love is fine  
Love is yours, love is mine  
Love is free, love is true  
Love is me, love is you

Come on, baby  
Let's tell all the people  
That love is such a wonderful thing

Let's get together  
And just start a notion  
That everybody else can sing

[Repeat CHORUS]

Come on, baby  
Let's tell all the people  
That love will never pass you by

Let's get together  
And just start a habit  
That everybody else can try

[Repeat CHORUS]

Come on, baby  
Let's tell everybody  
That love is still the greatest yet

Let's get together  
And just start a gimmick  
That nobody else can forget

[Repeat CHORUS 3x]
