There's no code too incomprensive things
There's no role to play there's no meaning
You just won't grow up as the want you to be

I see stars but I cant see the sky
I see lives I see them passing by
It's all done but I just won't give up this time

Nothing's gone Nothing's come Nothing to do
It's just me and you (x2)

I cant wait till I'll be free to die
I'll go straight watching my feelings lying
There's no way to seize the moment one last time

I see stars but I cant see the sky
I see lives I see them passing by
It's all done but I just won't give up this time

Nothing's gone Nothing's come Nothing to do
It's just me and you (x5)
