La dee da
(Da, da, da, da)
La dee da
(Da, da, da, da)

La dee da
(Da, da, da, da)
La dee da
(Da, da, da, da)

I will give you me, every inch of me
Without want in return
And I would read you poems that were so heart felt
Titled, 'Whom May Concerned'

And I would tell my secrets, how I used to creep
In girls pasted, they just don't reveal
But I just love you so, so much love I'll show
From now until

All of the things I would do
(Like anything you want me to)
All of the things I wouldn't do like
(Live in this world without you, you)

Baby, baby please, I
(Hope you're hearin' me)
For all of the things I would do
I just couldn't live without you

Wouldn't fuss and fight, on your tired nights
When I wanna be loved
Wouldn't live in doubt and just bug all out
When ya hang in the clubs

Wouldn't give you drama 'bout ya baby mama
She's alright with me
Wouldn't never leave
(Leave)
'Cause you're my baby
(Baby)
And that's all I need

All of the things I would do
(Like anything for you)
All of the things I wouldn't do like
(Like live)

Baby, baby please, I

(Hope you're hearin' me)
For all of the things I would do
I just couldn't live without you

I never told you
So if you didn't know
(If you didn't know)
That I would die
If you ever left my life ooh, ooh
(That's how deep this is, like an ocean big)

It would be a gift if we just go get hitched
(I'mma show you what I'm 'bout, you done turned me
on)
(You're my baby)
Listen to me

All of the things I would do
(All of the things)
All of the things I wouldn't do like
(Like live)

Baby, baby please, I
(Baby, oh baby)
For all of the things I would do
I just couldn't live without you

Well, I couldn't give no, oh no, no
Well, I got to give to you, to you
(Only to you)
What I [Unverified] give, no no no
What I got to give
(To you, baby only to you)

All of the things I would do
(All the things that I would do)
All of the things I wouldn't do like
(I wouldn't take no shit from you)

Baby, baby please, I
(Baby, baby please, I hope)
For all of the things I would do
I just couldn't live without you

All of the things I would do
All of the things I wouldn't do like

Baby, baby please, I
For all of the things I would do
I just couldn't live without you
