I don't wanna give you all my love tonight, 'cause I'm  
gonna dance until  
The morning light;  
Can't you see I'm jumping' on the floor tonight, I won't  
give you my love  
Tonight

(Liz)

I don't wanna give you all my love tonight, 'cause  
you've go to show me  
What is in your eyes;  
On my pink iPad I saw your sweet desire than I'll give  
you my love tonight

One step trough the night, can't fight the light and key  
to right;  
Don't stop where we burn, them chicks can whack on  
rock'n'roll, hey!  
From the back to right, keep on whacking to this side,  
oh baby tear the  
Fight and check this out, (oh no)  
Let it go, 'bout to be, gonna get on on let it bounce  
bounce things, gonna  
Get one, two, see how I'll take you to the back (to the  
back)!  
You're so round round in two now, watch you feeding  
on my pounds;  
You got me going like uh nah ah nah shh you check ah  
pa pa!

I don't wanna give you all my love tonight, 'cause I'm  
gonna dance until  
The morning light;  
Can't you see I'm jumping' on the floor tonight, I won't  
give you my love  
Tonight

I don't wanna give you all my love tonight, 'cause  
you've go to show me  
What is in your eyes;  
On my red iPad I saw your sweet desire than I'll give  
you my love tonight

Two steps I've got to move on, I've got to get that chick!  
You're looking for what to do, I've got to move, I've got  
to groove, I've  
Got to break the rules!  
See you on the floor, just let them boom, just let them  
work!  
I need to breathe I'm going: dighi data dighi data bichi  
lala mmm

(Liz)
