

## Memphis May Fire

### "Moonshine"

Visit "[Moonshine](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I've got to leave this town, I've got to go before the sun  
goes down

I've got to leave this town, I've got to go before the sun  
goes down

'Cause I done got tired of these coppers running me  
around

I stayed in jail last night and all last night before  
I stayed in jail last night and all last night before  
I would have been there now if my daddy hadn't  
sprung the do'

I stay in so much trouble, that's why I've got to go  
I stay in so much trouble, that's why I've got to go  
But when I get out this time, I won't sell moonshine no  
more

I done packed my trunk and done shipped it on down  
the road  
I done packed my trunk and done shipped it on down  
the road  
Now I won't be bothered with these big bad bulls no  
more

Just keep me a-moving going from door to door  
Just keep me a-moving going from door to door  
I done made up in my mind not to sell moonshine no  
more

(spoken: Yeah
