I was abandoned last night without a way home  
stuck in a desert with only you above me  
I'm sorry I turned my back, back on you so many times  
I'm standing right here asking you to accept my  
apology

Not everyone we know has faith in you  
but we all know where they'll go in the end

Come on, let's go and break these chains  
I need your help my sweet God

Here lately I've abandoned me, get up decide, get up  
decide, well I won't know  
my God she abandoned me, get up and fight, get up  
and fight I need you!

Well it's been two years now, am I wasting her time,  
God I know that you  
can help me with all my problems

It's been over a year and a half, am I wasting her time,  
there's been  
a lot of things on my mind and I know that you can help  
me  
I'll bleed for you just like you bled for me  
I'm in a home with nothing more than a bed

Won't you help me?

Lonely child don't be afraid don't be afraid  
only love disintegrates the soul and turns  
your streets to gold

I sit here smoking these cigarettes so hear this out

O my god I'm dying to know if this panic setting in is a  
good  
excuse to step away from you

to break me, get up and fight, I said get up and fight,  
well I need

your help, and just break me down, go on I need your  
help, God let's go  
help me, BREAK ME!!!!
