Say what you wanted to say,
Mean what you wanted to mean.
I'm listening, so be real with me.

I've never known you to be
One that refuses to speak.
You've never held anything back from me until now,
What were you thinking?

I can see it in your eyes,
You're scared for your life.
And I would be too if I was you,
I would be too if I was you!

Say what you wanted to say,
Mean what you wanted to mean.
I'm listening, so be real with me.
Say what you wanted to say,
Mean what you wanted to mean.
I'm listening, so be real with me.

I'll rip every single word
Right out of your dirty mouth.
I'll rip every single word
Right out of your dirty mouth!

Don't test me, I'll do it.
I have all of the evidence, I'll prove it.
Don't test me, I'll do it.
I have all of the evidence!

For better or for worse,
It never meant a thing!

Say what you wanted to say,
Mean what you wanted to mean.
I'm listening, so be real with me.
Say what you wanted to say,
Mean what you wanted to mean.
I'm listening, so be real with me.

How many days have I wasted,
Building you up while you tear me down?
I swear the next time you need me,
I won't be around!

Everything we had is gone,
It was gone in the blink of an eye.
Pack all your bags,
I've never been so ready to say goodbye.

Love, hate, pleasure and pain.
These are the words I could never explain,
All I know is you made me feel every one
And it will never happen again!

How am I to blame
For all your mistakes?
You gave up the second you looked away.
I really hope you got what you wanted,
Now wash your hands clean of me.
Won't you wash your hands clean of me?

I forgive you,
I just want you to leave.
For better or for worse,
It never meant a thing.
I forgive you,
I just want you to leave.
For better or for worse,
It never meant a thing.
