Life sure gets lonely alone no one to talk to along
Nights sure get longer since you've gone don't keep
me lonely too long
I need your arms to hold me and hear you say you
need me
Don't let me live on dreams alone don't keep me lonely
too long
Memories of faithful one so lonely
My tortured heart cries out because it loves and wants
you only
Yes I'm too lonely alone afraid of being alone without
your love I can't go on
Don't keep me lonely too long don't keep me lonely too
long
