(Don Robertson)

I love you more and more every day.

They said our love was just emotion
That time would slowly fade away
But time only deepens my devotion
I love you more and more every day.

The day you said those tender vows beside me
My joy was more than words could ever say
And darling still it grows and grows inside me
I love you more and more every day.

--- Instrumental ---

The day you said those tender vows beside me
My joy was more than words could ever say
And darling still it grows and grows inside me
I love you more and more every day.

I love you more and more every day...
