My whole world is a falling down falling down falling
down

My whole world is a falling down I'm losin' my baby
[piano]

You told me that your love for me was true
Said you would love your whole life through
But now you'r asking me to set you free
You found somebody you love more than me
My whole world is a falling down...

[piano]

Where did she come from what's her name what did
she do to set your heart a flame
I'm all alone while she's with you you're having fun my
heart's breaking in two
My whole world is a falling down...

[piano]

I miss your loving that was so fine I need it I need oh all
the time

I still love you in the same old way but I'm losin' you a
little more every day

My whole world is a falling down...

My whole world is a falling down...
