"Not Till You Come Back To Me"

Visit "[Not Till You Come Back To Me](#)" on MotoLyrics.com

When will the mountains sing again the valleys ring
again
Not till you come back to me
When will the rosies grow again the rivers flow again
not till you come back to me
Not till you come back and say you need me
And love me like you loved me once before
Until you kiss my lips I'll see no sunshine until you hold
me close I'll smile no more
When will the grass turn green again the air feel clear
again
Not till you come back to me
[steel - guitar]
Not till you come back...
When will my arms run dry again no eyes will cry again
Not till you come back to me not till you come back to
me
