TOO SOON TO KNOW

(Don Gibson)

© '58 Acuff-Rose Music

(Too soon too soon too soon to know)

It's too soon to know if I can forget her

My heart's been broken into many pieces and it's too soon to know

Time passes slow will I ever know

If I can forget her and not let it show but it's too soon to know

News travels fast when a love affair ends

People keep asking what happened to them

But it's too soon to know if I can forget her

My heart's been broken into many pieces and it's too soon to know

My heart's been broken into many pieces and it's too soon to know
