[Both]

Well it's all right it's all right long as I've got my Lord
beside me well it's all right

Long as I've got his hand to hold long as he's a
watchin' to warm my soul

Long as everything's in his control well it's all right

[Connie]

Moses said it's all right when chariots of fayroll
followed them in their flight

Well to see devided in two moses and the children walk
right through

Through of wall of water on their left and on their right

[Both]

Well it's all right it's all right...

[Nat]

Then David said it's all right

When the life marked them many challenged them to a
fight

Little David said a prayer and then slunk a little stone
and done 'em in

And the people say they may embrace the almighty's
might

[Both]

Well it's all right it's all right...

[Connie]

Daniel said it's all right when they threw him in the
lion's den that awful night

While the hungry lion's walked about Daniel said Lord
please help me out

And the Lord has shut the lion's mouth and he shut it
tight

[Both]

Well it's all right it's all right...
