Why do you like to roam if you've got so much love at home

What makes a man wander what makes a man wander The whistle of a train does something to your brain What makes a man wander what makes a man wander I know you love me as much as you ever could love anyone yet you're still gone

You come back and you vow that you settle down now Then you're gone with the dawn

Why do you like to roam if you've got so much love at home

What makes a man wander what makes a man wander I know you love me as much...

Why do you like to roam...

What makes a man wander what makes a man roam
