More than once I've cried because impatience let me  
down  
I could see the gold before the gold was found  
And everytime I've trusted love to lead me by the hand  
It circled back and left me where I stand  
Where is my castle where is my destiny how much  
longer will I have to dream  
Where is my sunshine where is my valley where is the  
love that's meant for me

The next time I cross over that old bridge I'm gonna  
stay  
I don't care if the river washes it away  
Cause I'm not gonna take one step until the day I find  
A man with a faithful heart and a made up mind  
Where is my castle...
