We're losing oxygen  
It's no emergency  
And now we're turning green  
But that's just biology

We're losing oxygen  
But you're just breathing fine  
You're thinking surgery, oh  
Then show me the urgency

We're losing oxygen

Come on let's hit it hard  
Let's leave our mark  
And leave you

Come on let's hit it hard  
Let's leave our mark  
And leave you (yellow, black and blue)  
Come on

Want to speed down your street  
Knock down your favorite tree  
Just cause we're stuck like thieves  
In the middle of a shoot out  
And you can see

We're losing oxygen

Come on let's hit it hard  
Let's leave our mark  
And leave you

Come on let's hit it hard  
Let's leave our mark  
And leave you (yellow, black and blue)  
Come on

Jenny is fighter pilot  
But Jimmy's just a big old pussycat  
Can't stop, can't stop, can't stop this

Because you're just a filthy rat

Come on let's hit it hard  
Let's leave our mark  
And leave you

Come on let's hit it hard  
Let's leave our mark  
And leave you (yellow, black and blue)

Come on let's hit it hard  
Let's leave our mark  
And leave you

Come on let's hit it hard  
Let's leave our mark  
And leave you

Because you're just a filthy rat

What you think about that?  
What you think about that?  
What you think about that?  
What you think about that?
