Gotta break outta this rat race
Gonna kicka my cage to fuck
Political Man and your smilin' lies
You're all covered in smut

GLC, GLC
GLC, GLC
You're full of shit, shit
Shit shit shit shit

Waitin' for a cell in a block of rock
Get me down, get me down, name and number
Get hitched dirty bitch ditch with the baby talk
Oh no! You won't get lumbered

Court room six, dirty fix
Down a cell, live in hell
What's your name, what's your game
Masturbate, magistrate

How do you do it, divide and rule?
Split 'em up, split 'em up, keep 'em out of sight
End up in the factory instead of in a school
Left right, left right, right right, wrong!
