I've got a stranglehold on this decision  
All those opposed can rot in hell  
Any day now the words will form a sentence  
You'll be reduced to nothingness  
I've got a stranglehold on this decision  
All those opposed can rot in hell  
Any day now the words will form a sentence  
You'll be reduced to nothingness  
Wading through this mess together  
hand in hand, shoulder to shoulder  
Some may stumble, some may fall behind  
Well it's high time we stepped outside  
drop the gloves and settle this like a man  
Well we might stomp and hem and haw  
we might not fight but we won't walk away  
no we won't walk away  
Wading through this mess together  
hand in hand, shoulder to shoulder  
Some may stumble, some may fall behind
