Men of north  
Pray to ase  
For the war  
Kill your enemies  
Men of north  
Pray to ase  
For the war  
Destroy chrstianity

Northwind, the breath of the grim godsex  
Fog and darkness above the forgotten forsts  
The eye of odin filled with hatred stares trought the  
darkness  
Only the warrior of the north is able to stand his look  
firm

Warrior of the rorth  
See you in walhall  
Warrior of the north  
See you in walhall

The northern honouer, the only law that he subjects to  
The hate against christianity, the strongest feeling that  
he knows  
You can fetter him, you can torment and kill him  
But his spirit will always be free like an flying eagle  
above the clouds

Men of north  
Pray to ase  
For the war  
Kill your enemies  
Men of north  
Pray to ase  
For the war  
Destroy chrstianity

Im Norden, im Land des ewigen Eises, hÅllt er die  
Hand Å¼ber uns!

On the battlefield he beholds the light of this world  
The first sound that he heard was the wary of his

father

In his veins run the hot blood of the northern deities  
In the last battle he'll lead his brothers to walhall

Men of north

Pray to ase

For the war

Kill your enemies

Men of north

Pray to ase

For the war

Destroy christianity
