All dressed in gold and purple the beauty awaits the night  
Knowing what will satisfy  
Aware of Her delight  
The thought of young fresh blood makes the hours go so slow  
But the yearn for eternal life and beauty makes her hazelbrown eyes glow

Woman of Dark Desires  
Woman of Eternal Beauty  
Woman of Dark Desires  
Elizabeth Bathory.....

Now the hour is comed, the time is right for the feast to take it's roll  
And by the sunrise 60 bodies will be found raped from their blood and souls  
The beauty patiently selects the victims for the night  
Innocent blood will give eternal beauty eternal life

Woman of Dark Desires  
Woman of Eternal Beauty  
Woman of Dark Desires  
Elizabeth Bathory.....

Now the life you have lived have comed to light and unfold is your perversity.  
Now the end is near still death is real  
No more beauty or life for eternity  
Cold walls entombs your secrets but there's nothing you regret  
Embrace death with a smile as the highlands face sunset

Woman of Dark Desires  
Woman of Eternal Beauty  
Woman of Dark Desires  
Elizabeth Bathory.....
