Test site experiment

Sanctioned by the government

Exposed guinea pigs

No trenches, no time to dig

Science magic, turning tragic

The hypocrisy of the men in charge

Their power greed has driven them this far

Rampant critical mass

Soldiers reduced to ash

Fatal megaton blast

Your future lies in the past

Vomit innards, burns like tinder

The shockwave blows your pressured mind insane

In radiation sickness hell remains

Blind heroes sacrificed

Ground zero nuclearized

Criminals in disguise

The chain reaction strikes

High brains struck by core meltdown goes mentally
insane

In atomic glare their pawns lies fatal impact slain

Murder of the first degree

Allies are your enemy

The generals are standing proud

Saluting the mushroom cloud

Laughter of the mad

They've stolen the one life you had

Sly betrayer, there's no saviour

Contaminated fallout takes your breath

So close your blinded eyes and pray for death

Blind heroes sacrificed

Ground zero nuclearized

Look to the crimson sky
You know it's time to die

High brains struck by core meltdown goes mentally
insane
In atomic glare their pawns lies fatal impact slain
Murder of the first degree
Allies are your enemy
