Mental Issues
"Put Me On Fire"

Verse 1:
I feel so trapped in this nightmare
The pain I feel just wont go away
Why are you so empty
Is this your game or human nature

Chorus:
I don't believe the things you said
Your voice still echoes in my head.
I try to shut my eyes, hoping that you wont find
The dark secrets burried within me

Verse 2:
I can't explain how I'm feeling
The words you said just wont go away
I don't know why I'm breathing
I looked at you as you walked away

Chorus:
I don't believe the things you said
Your voice still echoes in my head
I try to shut my eyes, hoping that you wont find
The dark secrets burried within me

::Break::

FUCK!

NOOOOO!

Chorus.:
I don't believe the things you said
Your voice still echoes in my head.
I try to shut my eyes, hoping that you wont find
The dark secrets burried within me
