Verse1:

You left me here all alone and I can't breathe  
Why did you let me down?  
All my thoughts of you will fade now  
This feels so unreal  
Why can't you let me wake up from this nightmare?  
I don't know what to believe  
And this is all because of you

Chorus:

It's all a waste of time  
To think about you  
My memory destroy itself  
To let me forget about you

Verse2:

Now I'm done with you  
This was the last time you let me down  
I don't give a shit anymore  
Why can't you just open your eyes and see  
Why won't you listen now?  
It's my turn to speak up and put you down  
I just wrote to say goodbye  
I'm now deleting the memories of you

Chorus:

It's all a waste of time  
To think about you  
My memory destroy itself  
To let me forget about you

Now everything is clear  
Like it suddenly disappeared  
And all I want  
Is for you to be gone

::Solo::

Chorus:

It's all a waste of time  
To think about you  
My memory destroy itself

To let me forget about you

Now everything is clear  
Like it suddenly disappeared  
And all I want  
Is for you to be gone
