This day is going so fine
I'm feeling just great inside.
All day I think of you.
You're what keeps me alive, through the good times
and the bad.
I'd give every penny I had...
Just to be with you
I'm sorry for what I said
Maybe I deserve this guilt and regret
But for now it's best to say...

Please now, don't cry.
I love you too much and it's killing me inside
To see you this way
Please honey, it's fine.
I know you could never feel this way
But I wish you could just forgive me
And let it be...

Now I know it's too late
But maybe someday you will see
How I want it to be
I want to settle down
Somewhere out in the country
And have a place to call our own.
We always said someday, we would have each other to
claim
But for now it's best to say...

Please now, don't cry.
I love you too much and it's killing me inside
To see you this way
Please honey, it's fine.
I know you could never feel this way
But I wish you could just forgive me, and let it be.
Let it be, let it be.

Please now, don't cry.
I love you too much and it's killing me inside, to see
you this way...
