True friends, dont care what you drive.
True friends, care if you're alive.
True friends, are'nt too shady.
True friends, wont steal your lady.
True friends, know what you think, know who you are.

I've got a few friends, just a few true friends.
I've got a few friends, what does that mean to you?

True friends, dont care what you drive.
True friends, care if you're alive.
True friends, are'nt too shady.

True friends, wont steal your lady.
True friends, know what you think, know who you are.

I've got a few friends, just a few true friends.
I've got a few friends, what does that mean to you?

True friends, dont care what you drive.
True friends, care if you're alive.
True friends, are'nt too shady.
True friends, wont steal your lady.
True friends

Know what you think know who you are.
