Upside down,  
You make it hard to be faithful.  
Hard to be faithful,  
Hard to be faithful.  
Just my type of luck,  
Just when I found a girl,  
You come showing up,  
Trying to throw my world.  
Upside down,  
You make it hard to be faithful,  
When you look like that,  
When your bodys that crazy.  
I figured you out cuz you look like an angel.  
But that all goes down when you dance with me baby.

I need to get it together,  
Cuz you're throwing my world.  
I need to get it together,  
Got me forgetting my girl.  
I thought that you were an angel,  
But I see you aint right.  
I need to get it together,  
I'm about to lose it tonight.

I can't lie,  
You make it hard to be honest.  
Hard to be honest,  
Hard to be honest.

A quarter after four,  
I really gotta go.  
Cuz deep inside I know,  
You're nothing but trouble.  
I can't lie you make it hard to be honest.  
To my girl at home, you got me acting so shady.  
Can't figure you out cuz you look like an angel,  
But that all falls down when you dance with me baby.

I need to get it together,  
Cuz you're throwing my world.  
I need to get it together,

Got me forgetting my girl.  
I thought that you were an angel,  
But I see you aint right.  
I need to get it together,  
I'm about to lose it tonight.  
Upside down,  
You make it hard to be faithful.  
At home I've got a baby,  
But you're tempting me.  
I can't lie you make it hard to be honest.  
You're so good at what you do,  
You do it perfectly.

Upside down,  
You make it hard to be faithful.  
At home I've got a baby,  
But you're tempting me.  
I can't like you make it hard to be honest.  
You're so good at what you do,  
You do it perfectly.

(Get it together)

I need to get it together,  
Cuz you're throwing my world.  
I need to get it together,  
Got me forgetting my girl.  
I thought that you were an angel,  
But I see you aint right.  
I need to get it together,  
I'm about to lose it tonight.

I need to get it together,  
Cuz you're throwing my world.  
I need to get it together,  
Got me forgetting my girl.  
I thought that you were an angel,  
But I see you aint right.  
I need to get it together,  
I'm about to lose it tonight.

(Yeah, yeah)  
(Oh no, no no, nooo)

I can't lie,  
You make it hard to be honest.  
Hard to be honest,  
Hard to be honest.
